Subject: E DIVISION Anti-Mandate Protests GSB Command Update February 15, 2022

Here is the update for today.

E DIVISION Anti-Mandate Protests GSB Command Final Update February 15, 2022

ISSUE:

CIRG GSB Command continues to hold the area of 176 Ave entrance to the Pacific

Truck Crossing.

BACKGROUND:

On Sunday, February 14th, 2022, Anti-Mandate Protesters that were occupying the border Crossing at 176 in Surrey were removed and 13 protesters arrested for Mischief and Obstruction.

The border Crossing has remained open since last evening and commerce is moving on both sides of the border.

CURRENT STATUS as of 1900 hours:

CURRENT STATUS:

CIRG GSB Command continues to monitor threats to occupy strategic areas such as ports and borders by Anti-Mandate Protesters.

Lower Mainland

CIRG GSB using TSG and Uniform members continue to hold the area of 176 at the entrance to the border crossing open to north and southbound traffic.

At the 176th Border Crossing in Surrey, BC, approx 50 protesters remain on the road side. They have been peaceful and no incidents have been noted.

South East:

The convoy of trucks due to leave from Kamloops for 176 Border Crossing has been delayed. It is expected they may leave late tonight or wait till morning to drive to LMD.

North District:

Convoy left Prince George late today for 176 Border crossing. It passed through 100 Mile late in the afternoon and is not expected to arrive in LMD until we'll after midnight unless it stops at Kamloops for the evening.

Both convoys are having communications issue which are hampering their travel and time lines.

Island District:

No update

STRATEGIC CONSIDERATIONS:

The 176th border crossing is the primary truck port for the area. This is an important economic crossing. Three other crossing are located within the same geographic area and allows some for commerce to continue to flow if one is blocked. However; only the 176 crossing is specifically designed to handle a high volume of large freight trucks.

STRATEGIC COMMUNICATIONS:

Communications lines are developed by Divisional Strategic Communications in conjunction with Surrey Detachment and Lower Mainland District for tomorrow.

MEMBER WELLNESS:

Support and cooperation from municipal and provincial contractors to support police enforcement has provided adequate resources to maintain borders open. Obtaining tow vehicles continue to be extremely challenging. Contract road service contractors are also refusing to support enforcement with barricades and other roadway control devices.
